Report of Public Health Nurse

The following is a report of activities conducted in Canaan by the New Hampshire Department of Health, Bureau Public Health Nursing, for the year 1958.

Immunization clinics were held at the Masonic Hall in January, May and June, 1958. A total of two hundred and fifty children received Salk vaccine and one hundred twenty-nine received Triple Toxoid which included a few children from surrounding towns. The nurse also notified mothers of two immunization clinics at Grafton and several mothers took advantage of same.

August 18 - 29, 1958, a Dental Cleaning and Fluorine Program was held at the Grange Hall for children 3-6 years of age. My sincere thanks to the members of the American Legion Auxiliary for making appointments and assisting with clerical work at the program, also to other local organizations who contributed financially to make this program available to the children of the community. A total of fifty-nine children registered for the program and received dental cleaning, fluorine treatments and excellent dental instruction from a Dental Hygienist of the Bureau Dental Health, N. H. Dept. of Health assisted by the nurse. Again my sincere thanks for use of the halls, Dr. Dinerman and his assistants, local committees and organizations.

Home visits have also been made in the community by the nurse and arrangements for children to attend diagnostic clinics at Hanover and follow up visits made as necessary. Assistance has been given for eye care under the N. H. Sight Conservation Program.

Balance of Appropriation Due School District changed from \$33,105.00 to \$33,130.05.

Sewer Fund Reserve changed from \$2,572.01 to \$2,723.11 to agree with offsetting Asset Account.

Reserve a/c Pike Estate Mortgage - \$4,265.50, eliminated from Liability Accounts.

Net Debt changed from \$21,582.80 to \$18,225.87.

Town Orders Used as Checks:

Instead of the present practice whereby the Town Treasurer issues separate checks in payment of the Selectmen's orders, it is recommended that the Treasurer countersign the orders. When this procedure is followed, the orders thereby become negotiable checks and the necessity of issuing a separate check for each order is eliminated. The vouchers, orders and checks will be in the same numerical sequence and the possibility of a difference occurring between the amount of the order and the amount of the check will likewise be removed.

Treasurer's Receipts and Deposits:

The Treasurer, as a matter of convenience in the absence of a local bank, follows the practise of cashing checks for local townspeople. It is noted in this connection that the Treasurer, or his bondsman, would be liable for any amount which might be lost to the Town in case the bank refused payment on any such checks because of insufficient funds or for any other reason.

Note and Bond Register:

The Town Treasurer should adopt the use of the prescribed form of Note and Bond Register. This is in accordance with Chapter 33, Section 12, of the Revised Statutes Annotated which provides as follows:

"33: 12 Register. The treasurer of every municipal corporation shall keep a register, in such form as may be prescribed by the state tax commission, which shall state the denomination, number and date of every bond or note issued by the municipality, the time when and the place where the principal thereof and interest, if any, thereon are payable and such other information as the state tax commission may prescribe. The state tax commission shall inspect the register provided for herein whenever it shall make any audit of the accounts of a municipal corporation."

Partial Payments on Redemptions from Tax Sales:

When partial payments are made on account of redemptions from tax sales, the amount of the partial payment should be entered at that time in the Collector's "Record of Tax Sales" book.

Issuance of Kennel Licenses:

When a kennel license is issued by the Town Clerk, the law **does not** provide for the issuance of any dog tags to the person who obtains the license. (R.S. A.-Chapter 466 - Section 6).

Likewise the Town Clerk is entitled to but one twenty cents fee for the issuance of a kennel license rather than a twenty cents fee for each dog included in such license. (R.S.A. — Chapter 466 — Section 9).

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Canaan for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violaters may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you — personally and financially. If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty.
Use your town dump.

The above chart is submitted for the purpose of showing how the state aid program has worked to stabilize the local assessment for school purposes. The current assessment is actually more than \$6000 less than in 1951-52. According to figures published by the State Board of Education, Canaan schools took 47.35% of the tax assessment for 1957-58, the lowest in Union No. 4 and more than 4% lower than the state average.

There will undoubtedly be legislation proposed this winter which will materially aid Canaan still more. The people of Canaan should actively watch educational legislation and work for it when it means financial help. Canaan will need all it can get.

Respectfully submitted,
C. MAURICE GRAY
